

# CANT HELP FALLING IN LOVE

Big jumps in this one . Play slowly until it becomes smooth.

Third line is a series of 4-7 on bottom string (low D string ) followed by 0-4 on top string (high D string)..

The 4-7 is a slide so be quick off the slide and ready to strike the high D and do the hammer on to 4.

Looks horrendous in print but is fairly simple to do if you get the timing smooth.

The 2-4 actions are purposefully left to your discretion as “hammer-ons” or a slides . Either ....up to you.
