OK..... I have to admit that bar 1 is a mystery.

I tried everything to put it right but Tabrite refused to play ball!

Just imagine there are 3 rests before the "2" note. For some weird reason it even works in the MIDI facility but how..... I dont know.

Apart from that it fairly straightforward

1969 BARRY / KIM

A song of the 60's made famous by a fake band of Studio Musicians (The archies)

After several reincarnations it emerged into the 2000's to enjoy a new life including a version by Olivia Newton John on the soundtrack of "A few good men"
