

GRANDFATHER CLOCK

gDGBD

Henry Clay Work

The image displays the guitar tablature for the song "Grandfather Clock" by Henry Clay Work. The music is written in 4/4 time and uses a gDGBD tuning. The piece is 16 measures long, organized into four lines of music. The first line begins with a 4/4 time signature and a key signature of one flat. The second line includes first and second endings. The third and fourth lines continue the melody with various fret numbers and rhythmic markings.

Straight forward . Play lively

HENRY CLAY WORK 1876

Almost a Folk tune.The melody has been used by many instrumentalists to display their dexterity and skill.However it can be played simply and is popular with brass and marching bands.

Many artists have recorded their versions including Bing Crosby and Sam Cooke.

It has recently been included in a Wii video game.

It became popular in Japan and much of Europe.

Ken Hirai took a version in Japanese to No 1 in the Japanese charts in 2002
