

MARCHING THROUGH GEORGIA

gDGBD

Henry Clay Work

Study this one well.

There are many bars where you can make a chord shape and play the whole bar with it. Check out bars 8(D7) 10 (C) 13 (D7) 24 (D7) 26 (C) 29(D7). Get the shapes on right at the beginning of the bar so you can play the single notes out of the chord shape

HENRY CLAY WORK 1865

A marching song from The American Civil War. There are several variations on the lyrics.. Obviously used extensively as a marching song. There are not too many recordings but a version from 1961 by Tennessee Ernie Ford is well worth a listen
