

# GUMTREE CANOE

gDGBD

FOLK

The image displays five systems of fingerpicking notation for the song 'Gumtree Canoe'. Each system consists of two staves: a top staff for the treble clef and a bottom staff for the bass clef. The notation includes various fingerpicking symbols such as '3' and '4' with arrows indicating the pick direction, and numerical fret numbers (0, 2, 5, 7, 9, 10, 12) placed above the notes. Brackets with the number '3' underneath indicate triplets. The piece begins with a 3/4 time signature and ends with a double bar line and a repeat sign.

**I have included this one because it is a John Hartford finger picking classic and I have never seen a Clawhammer version.**

**The video of John playing this gem is available on Youtube.**

**John is mentioned on the banjo favourites page and he impressed me no end.**

**He is one of my heroes.**

**Have a go at this easy version and then go watch John play his version at the Ole Opry site in America.**
